Where:

% = any number from 200 to 1700 representing Ballcorp inlet and outlet connection types

Product certified to NSF/ANSI/CAN 372 conforms to the requirements for "Lead Free" plumbing products as defined by California, Vermont, Maryland and Louisiana state laws and by section 1417 of the US SDWA.

ALS Group's Product Certification Listing directory contains the most current certified product(s) and supersedes all printed copies of the listings.

ALS Group USA, Corp.

10450 Stancliff Rd. Suite 210 Houston, Texas 77099

& = any number from 2 to 7 indicating nominal valve size (½" to 2")

= any number from 0 to 9 representing inlet and outlet connection types

@ = any number from 1 to 8 representing inlet and outlet size (½" to 2½")

Other suffixes to the catalog number may be used to indicate compression connection styles and handle options. In all cases the "-NL" will be the last item in the catalog identity indicating lead-free.

Product certified to NSF/ANSI/CAN 372 conforms to the requirements for "Lead Free" plumbing products as defined by California, Vermont, Maryland and Louisiana state laws and by section 1417 of the US SDWA.
